English Level

The course delivery and documentations are in English. An adequate English level (KET A2 and higher) and a technical background or education is required.

Participant own Supportive Material

The training material will be provided in an electronic format (pdf). Bring your own electronic device. It is recommended to have some writing utensils and paper.

Appeals, Complaints and Grievance Procedures

Each client (organisation paying for a training course) has the right to express a grievance or lodge an appeal. Grievances should be expressed in written form and forwarded to the Managing Director.

The Managing Director shall contact the applicable party and try to resolve the problem.

The Managing Director may resolve a grievance by;

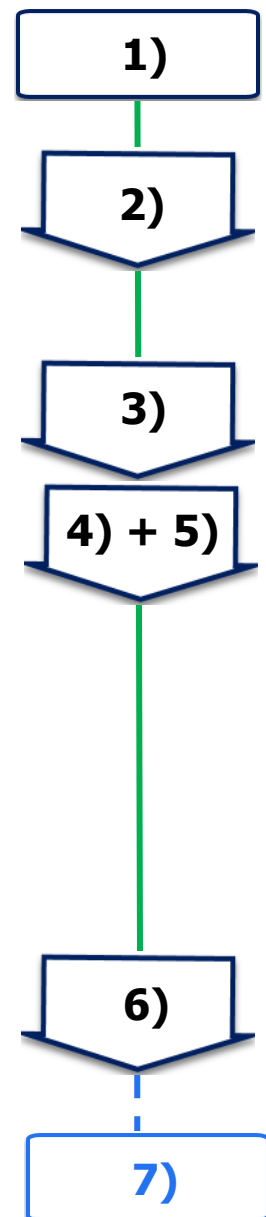

- An offer to correct the error/omission (if proven).
- An offer to refund the student course fee.
- Any other fair and honest action commensurate with the grievance.

The Managing Director may grant an appeal if;

- The course forms indicate an incorrect judgement was made.
- Records indicate an incorrect certificate was forwarded.

3 How Does The Video Training Work?

- 1) After full course payment, you shall advise about the **date** you want to **start training**.
- 2) You receive a personal **Username and Password to Login** the Training Zone on our website. This access is granted for 10 consecutive calendar days in which you shall complete the training inclusive final exam. The training is video based and does not require an instructor to be physically present. However, your Training Manager Juan Wanner is monitoring your progress and stays available via email *juan.wanner@atseptraining.ch* at any time during the training.
- 3) Download the **Student Training Evidence** document (MS-Word doc) containing 146 Questions.
- 4) **Start training:** The order of the subjects and questions in Student Training Evidence are identical with the video tutorials. F.e. play the first video and the first question is shown in the video. In the video, your instructor Juan will explain the answer. Please write the answer into this document to the corresponding question, and select the date when you answered each particular question. Remember to frequently save this document! We highly suggest to keep the order of the videos as given, work from top-down. Send your Student Training Evidence doc to *juan.wanner@atseptraining.ch*. He will quickly check your answers and provide you access to the Awareness Test.
- 5) **Awareness Test:** This test is not about passing or failing! You have 15 Minutes to answer 15 Questions, multiple-choice-single-answer. But you should be able to achieve a score above 75%. The Awareness Test is a preparation for the exam. Juan will provide you access to the final exam.
- 6) **Final Exam:** You have 31 Minutes to answer 31 Questions, multiple-choice-single-answer. These are new questions which you have never seen before. The exam is designed without any supporting material (closed-books). Be aware, in case you are using any supporting material, you may run out of time. You have one chance to do the final exam.
- 7) **Re-Exam (if required, according our Rule of Examination):**
 - a) Participants achieving 60%-74% in the Final Exam will be offered to resit the exam within the next 2 days, but within the assigned 10 training days. The Re-Exam consists of 15 Questions in 15 Minutes, multiple-choice-single-answer.
 - b) Participants achieving less than 60% in the Final Exam or Re-Exam will receive a 'Confirmation of Attendance'.
